

**Equality objective 1: To promote spiritual, moral, social and cultural development through all appropriate curricular opportunities, with particular reference to issues of equality and diversity.**

**Why we have chosen this objective:**

To ensure that our school community understands that we live in a diverse country that recognises, celebrates and tolerates different views, faiths and cultures.

**To achieve this objective we plan to:**

Deliver specific programmes through our PSHCE provision and provide support for staff to ensure that they have the necessary resources to implement this provision.

**Progress we are making towards achieving this objective:**

A staff meeting introducing staff to new resources and websites has already taken place. A monitoring process has now started to encourage and ensure that staff are building these in to their planning.

**Equality objective 2: To increase the level of pupil voice by extending our traditional school council to include a fair representation of all pupils in school, and in this way to foster good relationships in the school between those who have protected characteristics and those who do not.**

**Why we have chosen this objective:**

To ensure that our school council has a fair and even representation of gender, race, culture and faith. This will enhance the school's ability to make decisions relevant to all children within the school community.

**To achieve this objective we plan to:**

Use a similar system to last year to ensure a democratic system for school council selection but to also invite members onto the council to facilitate a broader representation of our school community.

**Progress we are making towards achieving this objective:**

This will be put in place for September 2017
